

Federally Qualified Health Center (FQHC) Preventive Services

FQHCs are paid an all-inclusive rate (AIR) per visit for qualified primary and preventive health services. Except for IPPE and DSMT/MNT, all preventive services furnished on the same day as another medical visit constitute a single billable visit. If an IPPE or DSMT/MNT visit occurs on the same day as another billable visit, two visits may be billed. All of the preventive services listed below may be billed as a stand-alone visit if no other service is furnished on the same day.

Additional information on payment and claims processing for FQHC preventive services is available in the Medicare Claims Processing Manual, Pub 100-04, Chapter 9 (<http://go.cms.gov/1DFvBcO>), and Chapter 18 (<http://go.cms.gov/1w5l6cX>). Additional information on FQHC policy for preventive services is available in the Medicare Benefit Policy Manual, Pub 100-02, Chapter 13 (<http://go.cms.gov/14BSdPN>). The table below lists preventive services with their associated Healthcare Common Procedure Coding System (HCPCS) code and descriptor, whether they are eligible to be paid based on the FQHC's AIR when billed without another covered visit, which preventive services can be billed separately when another visit is billed on the same day, and which preventive services have the co-insurance waived.

Table 1: FQHC Preventive Services

Service	HCPCS Code	Long Descriptor	Paid at the AIR	Eligible for Same Day Billing	Coinsurance	CMS Pub 100-04
